

TALE OF exRNA ACROSS KINGDOMS

PART III

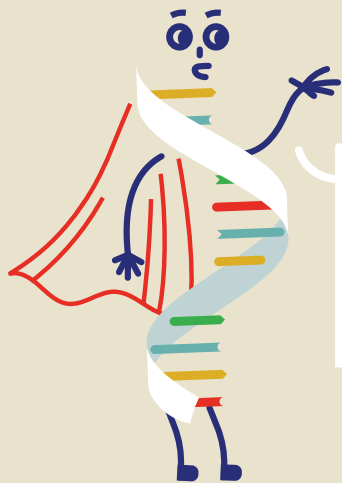

What are we going to do next?

You know what?
I realised I don't need you.

I can trick somebody
in the cell to help me
find my target.

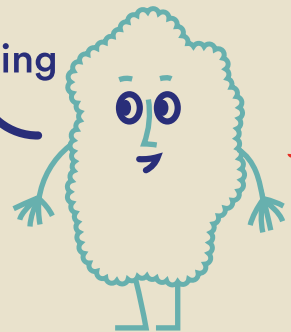

I am lost,
can somebody
help me
find my way?

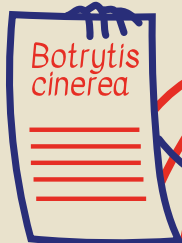

KNOCK
KNOCK

PLANT
CELL

Sure! I can
help you,
who are
you looking
for?

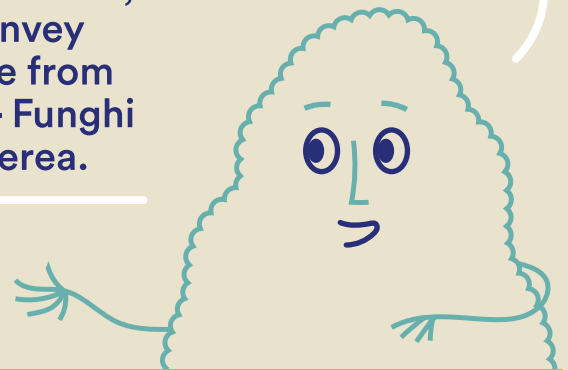

Argonaute protein

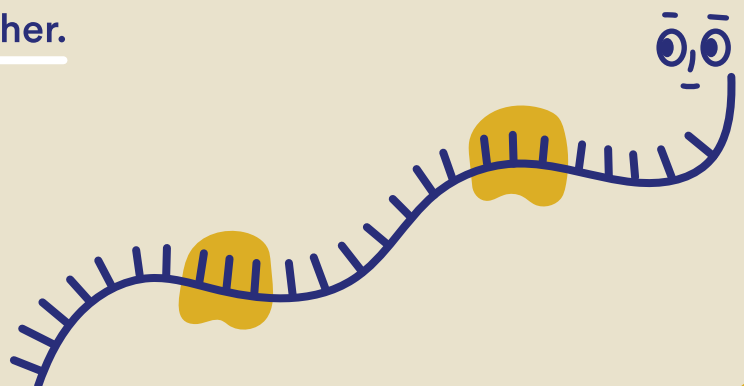

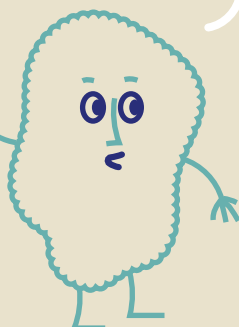

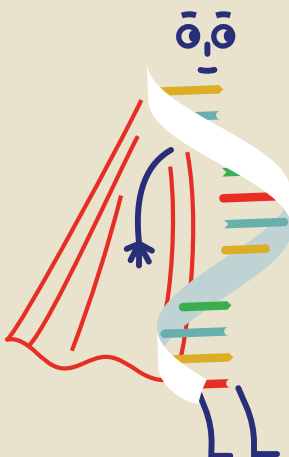

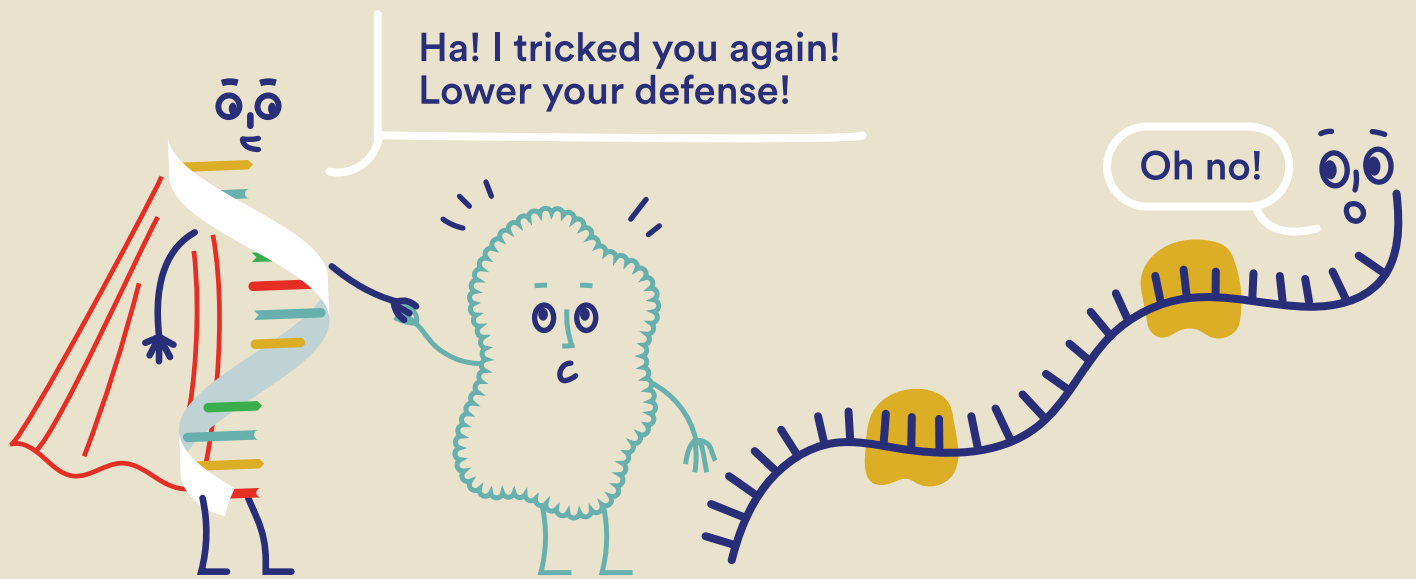

I am mRNA
transcribing genes
related to defence,
I have to convey
the message from
my master - Funghi
Botrytis cinerea.

I will
take you.

That is her.

MEANWHILE

Maybe we should
try to make wine
out of this,
Sauternes wine!

What a
lovely
Tokaj
hegyalja!
